

DISCHARGE SUMMARY
County General Hospital

Patient: Sample Patient

Date of visit: September 24, 2026

Reason for visit:

Follow-up for high blood pressure.

Findings:

Blood pressure today was 142/90.

Otherwise stable. No chest pain. No shortness of breath.

Plan:

1. Start lisinopril 10 mg by mouth once daily in the morning.
2. Reduce salt intake.
3. Walk about 20 minutes on most days.
4. Return in 2 weeks to recheck blood pressure.

Questions for next visit:

- Is the dose still right for me?
- What blood pressure goal should I aim for at home?
